A Legacy of Travel. Shaping Every Journey.

For more than 130 years, Alireza Travel has connected people, businesses, and opportunities across Saudi Arabia and the world. Our journey began in the late 19th century, supporting pilgrims travelling to Makkah, and has evolved alongside the Kingdom into a comprehensive travel business serving corporate clients, government entities, international travel agencies, educational institutions, groups, and discerning travellers.

Alireza Travel is part of Haji Abdullah Alireza & Co., Saudi Arabia's first registered commercial enterprise, founded in 1845. Across generations, the Group has built a legacy of enterprise, integrity, and enduring partnerships across diverse industries, including maritime and logistics, water and power, energy solutions, automotive services, aviation, fueling, travel, and packaging.

Today, we combine this deep heritage and knowledge of the Saudi market with global partnerships, technology, and contemporary travel expertise. Backed by generations of trusted relationships and a commitment to excellence, we continue to evolve with the world of travel, delivering thoughtfully managed experiences that go above and beyond expectations.
